

Did you know?

Each day 10,000 humans are born in the U.S. – and each day 70,000 puppies and kittens are born. As long as these birth rates exist, there will never be enough homes for all the animals. As a result, millions of healthy, loving cats, dogs, kittens and puppies face early deaths as a form of animal control. Others are left to fend for themselves against automobiles, the elements, animals, and cruel humans. What can you do to stop the suffering? Spay and Neuter your pets! Work with SpayOK and together we can make a difference!
